Dock loading hose 15 - soft wall
Oil delivery hose 15 bar

Application
- heavy duty discharge of petroleum products for dockside service
- for refined products with aromatic contents up to 50%

Temperature range
-30 °C to +100 °C, depending on medium

Burst pressure
- minimum 60 bar
- safety factor 4:1

Tube
- black NBR rubber
- 55% aromatics

Reinforcement
- opposing layers of high tenacity polyester tire cord with cover and lining breaker fabrics

Cover
- black CR blend
- oil, abrasion and weather resistant

Assembly
- safety clamps, swaging ferrules (up to 6”) or built in fittings

Built in type fitting
- Fixed or swivel type flange, high strength joint with good stress distribution along the hose. Available in carbon steel, stainless steel.

Internally swaged end
- Swivel or fixed type flange in carbon steel, stainless steel.
